My dear Mrs. Manley:-

Received your telegram. Everything went off as scheduled. I am sorry about the little difficulty we had. But the posters and the passes have been sent off O.K. They were shipped Prepaid.

In the future always state if posters are for spring training or regular cards that you use at home. I have enclosed samples of each advertising pass. The identifying mark is shown by a circle. It is a small hole indented in border. Please do not mind misspelled words on advertising passes because the posters are all O.K. I used Mike Suttles and Fernandez cut on posters. The cards are very attractive. I am sending along your "copy" of advertising passes. I notice you had 200 posters made for Augusta and only 100 passes — also 100 cards for Goldsboro and 200 passes. Did you make a mistake? I did just what you stated on copy. If you want me to make 100 additional passes for Augusta, Ga., I still have the form and can easily print them. Let me know. I do hope your club has a very fine southern trip, financially, etc. Please send me a list of your outstanding players for use of cuts if necessary — Sincerely Mike Iannarella
P.S. — I hope you like style of Passes
